

THE AWAKE MERCY TRUST

£40,000 is all that is needed to complete the home for 50 children – that's only £800 per child. Please help to give these children a home for life.

The Awake Trust has been caring for needy children since 2004.

It is funded from the UK by HAPSI, a charitable trust. HAPSI trustees visit the home regularly and see first-hand that your support makes a real difference.

The first unit of the home is complete and there is plenty of space for play areas alongside crops which help towards self sufficiency.

Planning for a dining hall, kitchen and boys' accommodation block is advanced.

Renewable energy resources are being established to maintain low running costs.

There are absolutely no charges for administration.

100% of your gift goes directly towards the children's care.

Please make a donation today to help provide a lasting change to the lives of these vulnerable children in Tamil Nadu, south India

Your money will help to provide:

- separate sleeping provisions for boys and girls
- communal indoor areas for dining and study
- outdoor recreation areas
- long-term care for children in school and college education

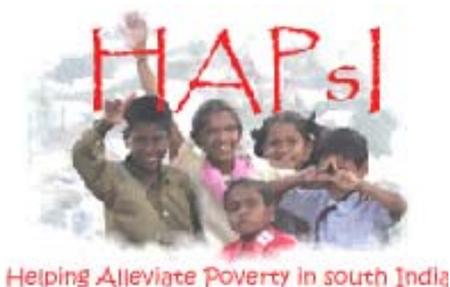

HAPSI is a registered charity in UK (Charity number 1122876)
